

Certificate of Analysis

MagChel® Zn
Magnesia 7715515
Zinc bisglycinate,
approx. 20 % Zn,
Ingredients: Zinc
bisglycinate, rice flour
Hazardous good: UN 3077;
environmentally hazardous
substance, solid, N.O.S.
(Zinc Bisglycinate);
9;III,(-)

Lüneburg, 21/11/2024

Certificate of Analysis Type:	Standard
Version Specification:	6
Order No.:	24216005
Ordering Information:	SZM00821/2024 - pos. 1 +3 Lilla Sersli
Quantity:	200 Kilogramm
Article No.:	7715515
Internal Batch No.:	24001628/0
External Batch No.:	12245103
Manufacturing Date:	12/03/2024
Retest Date:	11/03/2027

Remark:

Parameter	Standard	Result
Appearance	fine, white to off-white powder	complies
Solubility	soluble to moderately soluble	complies
Zn	19.5 - 23.0 %	21.1 %
Pb	Max. 5.0 ppm	1.29 ppm
Cd	Max. 1.0 ppm	0.242 ppm
Hg	Max. 0.1 ppm	complies
As	Max. 1.0 ppm	0.004 ppm
Density	Min. 0.65 g/cm ³	complies
Loss on drying (105 °C)	Max. 8 %	5.0 %
pH value	6 - 9	6.2
Total Plate Count	Max. 1000 cfu/g	< 10 cfu/g
Yeasts / Moulds	Max. 100 cfu/g	< 10 cfu/g
Coliform bacteria	Max. 10 cfu/g	< 10 cfu/g
Staphylococcus	negative	complies
E. coli	negative	complies
Salmonella	negative/25 g	complies

-----------	----------	--------

Parameters indicated in this certificate of analysis are based on our current, carefully determined knowledge. It is the users own responsibility to test and analyze materials and therefore corroborate that products are adequate for their applications.
Not for use as Active Pharmaceutical Ingredient (API).
This certificate of analysis was issued electronically and is therefore valid without signature.
